We have formed **23 Self Help Groups** in the college that are functioning to generate revenue both for the institution and the students themselves keeping the concept of earn while you learn.

Giving our students a platform to venture into to start up businesses we started **SAHAJA**-a permanent sales counter to sell products that are either self-made or marketed by them.

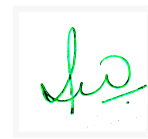

Students are encouraged to market / sell the products or skills and earn money. They can sell their products through the permanent sales counter established in the campus.

ANGADI was conceptualized to create a platform for our students to put their entrepreneur skills & business skills to practice. Approximately 23 stalls were put up by students selling healthy homemade foods / handmade products/natural products for common ailments/creative crafts, vermicompost, Azolla etc. Participation in this campus Bazaar gave them a sense of confidence of managing their business and in turn their livelihood.

Students of AV college organized AV Angadi from 15th to 17th November, 2022 and again on 14th & 15th March, 2023 an event filled with learning and fun. Campus Bazar organized by students looked at business from a customer perspective and put up more food and fun filled game stalls.
